SECTION 4 SPECIFICATIONS & SCOPE OF WORK

4.1 General Scope

The City of New Braunfels places a strong emphasis on a safe transportation system for all users. Over the past ten years New Braunfels has seen expansive population growth, as well as additional summer tourism, which equates to more drivers, pedestrians, and cyclists on our streets, paths, and intersections.

The City seeks proposals from qualified Respondents to provide and install traffic signs within the city limits. The fabrication and installation of traffic signs will follow methods that are set in the most recent TXDOT Standard Specifications SMD (GEN) – 08, SMD (SLIP-1) – 08, SMD (SLIP-02) – 08, the 2012 edition of the Standard Highway Sign Designs for Texas (found here: <https://ftp.dot.state.tx.us/pub/txdot-info/trf/shsd/2012/complete.pdf>), and the Texas Manual on Uniform Traffic Control Devices (found here: <https://ftp.txdot.gov/pub/txdot-info/trf/tmutcd/2011-rev-2/revision-2.pdf>). While the City is flexible with respect to certain elements of the Traffic Sign Installation Services, the City has specific requirements and preferences for the Service delivery method.

4.2 Equipment

Contractor shall provide all necessary labor, material, equipment, tools, traffic control, and supervisory personnel necessary to fabricate and install traffic signs within the limits of this scope. Contractor shall provide all hardware, posts, and accessories necessary for the installation of the signs. Breakaway supports are required.

Contractor shall install the signs so that the required minimum depth is achieved and the distance from the bottom of the sign to the sidewalk, street or ground level is 7 feet. Contractor shall install signs in locations throughout the City including areas where concrete sidewalk or pavers will need to be cored or otherwise accessed for installation. Contractor is responsible for coring.

Ideally, work will be assigned by task order in groups of 10 signs or more per task order, however in the event of an emergency, Contractor may be dispatched to install as few as one sign.

Contractor is required to secure all utility locates necessary to install the signs in the locations requested by the City. If Contractor is unable to install the sign due to a utility or other conflict, Contractor shall notify the City's assigned representative and the sign location will be adjusted.

Contractor shall complete all work on an individual task order and then bill the City as a completed task order. The City will inspect the installed signs and then process Contractor's invoice. Contractor shall keep a record of signs installed with locations listed and a picture of the installed sign. If the Task Order requires sign removal, the sign(s) and u-posts or square tubular posts shall be returned to City contact.

4.3 Documentation.

Contractor shall prepare and submit backup documentation to the City contact with all invoices. Documentation shall include a list of signs installed with locations and pictures.

4.4 Installation Requirements

The installation of traffic signs will follow methods that are set in the following publications:

TXDOT Standard Specifications SMD (SLIP-1) – 08

TXDOT Standard Specifications SMD (SLIP-02) – 08

5.6 LIMITATIONS

- **Right to Accept or Reject.** The City reserves the right to reject any or all submittals, to waive informalities and accept the submittal that the Owner believes is the most advantageous to the public interest and in keeping with the local government project procedures. The RFP does not commit the City to award a contract, issue a purchase order, or pay any costs incurred in the preparation of a submission in response to this RFP.

- **Solicitation to Remain Subject to Acceptance.** All solicitations will remain subject to acceptance for one hundred twenty (120) days after opening without acting.

 - Submission of Information. Submitters are cautioned that it is each respondents sole responsibility to submit information related to the evaluation categories, and the City is under no obligation to solicit such information if it is not included with the Proposal. Failure of a respondent to submit such information may cause an adverse impact on the evaluation of the specific Proposal.
 - Submitter Review of RFP. Submitters are responsible for examining and being familiar with all specifications, terms, conditions, provisions, and instructions of the RFP and their responses. Failure to do so will be at the respondents' risk and will not be a determinative factor when awarding the contract for services.
- **Oral Non-Binding.** Any non-written representations, explanations, or instructions given by City staff or City agents are not binding and do not form a part of, or alter in any way, the RFP, a written agreement pertinent to the RFP, or the awarding of the contract.
- **Lobbying Prohibited.** Proponents are prohibited from directly or indirectly communicating with City Council members regarding the Proponent's qualifications or any other matter related to the eventual award of a contract for the services requested under this RFP. Proponents are prohibited from contacting city staff members regarding their qualifications or the award of a contract, unless in response to an inquiry from a staff member. AWARD OF CONTRACT**

6.1. SUCCESSFUL PROPOSER'S DOCUMENTS: The successful Proposer will provide its proposal and any negotiated amendments to the proposal to the Office of the Purchasing Manager as an electronic Word file.

6.2. CONTRACT AWARD: The selection of a Proposer and the execution of a contract, while anticipated, are not guaranteed by the City. The City reserves the right to determine which proposal is in the City's best interest and to award the contract on that basis, to reject any and all proposals, waive any irregularities of any proposal, negotiate with any potential Proposer (after proposals are opened) if such is deemed in the best interest of the City.

If exceptions are taken to the City's Agreement, this will be clearly indicated and a full explanation given for each exception. It is required that the proposal enumerate the specific clauses that the Proposer wishes to amend or delete and suggest alternative wording in the proposal. In view of the length of time involved in obtaining the approval of legal counsel, Proposers are cautioned not to state that the Proposer's proposal is subject to the Proposer's standard terms and conditions or that the final terms and conditions are subject to negotiation after award.
