SECTION 3 SCOPE OF WORK

3.1 BACKGROUND

Since 1845, the City of New Braunfels has provided a unique and diverse quality of life for its residents, visitors, and business community. Known for its German and Hispanic heritages, the City is nestled at the edge of the Texas Hill Country at the confluence of the Comal and Guadalupe rivers. New Braunfels is home to the world-famous Schlitterbahn Waterpark as well as Texas' oldest dancehall (Gruene Hall) and bakery (Naegelin's).

The City of New Braunfels has a population of over 110,000 people and was the third-fastest growing city in the country from 2010-2019 (+56%). It covers approximately 45 square miles and is located between the San Antonio and Austin metro areas along the rapidly growing I-35 corridor.

The City of New Braunfels was awarded federal funding through the Alamo Area Metropolitan Planning Organization (AAMPO) Carbon Reduction Program (CRP) to collect data and implement updated traffic signal timing plans at the City's 60 traffic signals, including 6 synchronized corridors. Analysis of traffic patterns due to new commercial and residential developments will help identify priority corridors and implement improvements in all signal timings that would help to reduce stops, travel time, fuel consumption and overall emissions. Data collected for this project will not only be used to evaluate and optimize existing signal timings but will also be used to identify and implement short-term improvements such as lane assignment changes or signal head changes. The data could also identify longer term improvements for other programs, such as future bonds.

It is important to evaluate every signalized intersection operated by the City every five years to ensure that the signal timing is optimized for the traffic conditions and that further operational enhancements are not needed. Changes in traffic patterns due to new commercial and residential developments demand that this analysis occurs regularly. Locations along the City's top 100 corridors experience the most traffic and therefore should be prioritized for analysis. This project will reduce travel time, number of stops, emissions, and fuel consumption for vehicles traveling on the identified priority corridors and minimize delays for all drivers. Data collected for this project will not only be used to evaluate and optimize existing signal timings but will also be used to identify and implement short term improvements (such as lane assignment changes or signal head changes) and also identify longer term improvements for other programs (such as future bond programs). The results of previous similar citywide projects showed an overall result of 32% fewer vehicular stops and 12% average reduction in travel time which resulted in a reduction of CO emissions by 51%.

This is a FHWA funded project supported by the Texas Department of Transportation (TxDOT). This project is funded with federal assistance through Federal Highway Administration (HWA) and the Alamo Area Metropolitan Planning Organization (AAMPO).

The City of New Braunfels (the "City") is seeking Statement of Qualifications from professional service providers for design/engineering/architectural services for an FHWA funded project: [Carbon Reduction Traffic Signal Optimization Project and CSJ 0915-00-301. Responses are solicited for this service in accordance with the terms, conditions, and instructions set forth in this solicitation.

3.2 SCOPE OF WORK

The City of New Braunfels is seeking Professional Planning, Design, and Engineering expertise for the collection of data and implementation of updated traffic signal timing plans along the City's top 100 corridors. Improvements in signal timing can reduce stops, travel time, and emissions, and have been shown to typically have very high benefit to cost ratios. Specific locations to analyze and specific tasks will be provided on a task order basis. However, it is anticipated that, in general, the following tasks will be performed:

1. Data collection

This task involves the collection of traffic volume and intersection data. This task contains the following subtasks:

- 7-day traffic counts/24-hour traffic counts
- Intersection turning movement counts
- Travel time/delay information
- Intersection parameters and photos to include:
 - o Number of lanes on each approach
 - o Lane assignments
 - o Type and number of signal displays
 - o Type and location of controller cabinet
 - o Type of vehicle and pedestrian detection used
 - o Posted speed limits and traffic signs at the intersection
 - o Width of travel lanes and each pedestrian crossing
 - o Location and Americans with Disabilities Act (ADA) compliance of pedestrian ramps

2. Timing Plan Development and Implementation

Developing and implementing optimal traffic signal timing plans is a very crucial aspect of the project. The operation of the traffic signals is the most visible of all the project components and will most likely be the component by which citizens measure the overall success of the project. Due to this, it is imperative that due diligence is exercised in establishing optimal timing plans.

This task contains the following subtasks:

- Assessment of Existing Conditions
 - o Field Observations
 - o Synchro Models of Existing Conditions
- Development of short-term operational improvement recommendations including, but not limited to:
 - o Signal head replacements (i.e. changing from protected/permitted left turns to protected only, and vice-versa, Right Turn (RT) overlaps);
 - o Phasing changes (i.e. addition or removal of split phasing, changing the wiring and phasing scheme of the intersection);

- o Detector replacements or additions; and,
 - o Other low-cost improvements such as signing and striping modifications.
- Timing plan development, including:
 - o Basic Signal Controller Interval Timing
 - o Coordinated Timing Plan Development
- Review of Existing Conditions and Recommended Timing with the City Staff
- Timing file/phase layout development
- Timing plan implementation

This solicitation is financed in whole or in part and therefore subject to Title 49, Code of Federal Regulations, Part 26.13 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". To ensure equal participation for Disadvantaged Business Enterprise (DBE) groups specified in 49 CFR 26.5, a DBE participation is required. Only participation by certified DBEs will count toward the contract goal for this solicitation. In order to count toward a contract goal, a firm must be certified by the Texas Unified Certification Program (CUCP) and possess the work codes applicable to the type of work the firm will perform on the Agreement by the SOQ submittal due date. For a list of work codes, go to <https://www.txdot.gov/business/disadvantaged-small-business-enterprise/dbe-airport-concessions/dbe-certification-tucp.html>

It is the proposer's responsibility to verify that the DBE firm is certified as a DBE by the specified SOQ submittal due date and time. For a list of DBEs certified by the CUCP.

Reference “Statement of Qualifications Submittal Requirements” for detailed information and references to the required forms. Required forms will be made part of the agreement. The Contractor understands and agrees that any failure to make reasonable progress on the Project or any violation of the Grant Agreement or Cooperative Agreement for the Project, or this Master Agreement that endangers substantial performance of the Project shall provide sufficient grounds for the Federal Government to terminate the Grant Agreement or Cooperative Agreement for the Project. In general, termination of Federal assistance for the Project will not invalidate obligations properly incurred by the Contractor before the termination date to the extent those obligations cannot be canceled. If, however, the Federal Government determines that the Contractor has willfully misused Federal assistance by failing to make adequate progress, by failing to make reasonable and appropriate use of Project property, or by failing to comply with the terms of the Grant Agreement or Cooperative Agreement for the Project including this Master Agreement, the Federal Government reserves the right to require the Contractor to refund the entire amount of Federal assistance provided for the Project or any lesser amount as the Federal Government may determine. SECTION 6 AWARD OF CONTRACT

6.1. SUCCESSFUL RESPONDENT'S DOCUMENTS: The successful Respondent will provide its Response and any negotiated amendments to the Response to the Office of the Purchasing Manager as an electronic Word or PDF file.

6.2. CONTRACT AWARD: The selection of a Respondent and the execution of a contract, while anticipated, are not guaranteed by the City. This contract is funded by FHWA through The Department of Transportation, and they will authorize the contract before the City will make a recommendation for award to City Council.

The City reserves the right to determine which Response is in the City's best interest and to award the contract on that basis, to reject any and all Responses, waive any irregularities of any Response, negotiate with any potential Respondent (after Responses are opened) if such is deemed in the best interest of the City.

6.3. CITY COUNCIL APPROVAL: The City Council will consider the final contract for approval unless the award amount is less than \$50,000.00. In the event the total amount of the contract is less than \$50,000.00, the contract will be awarded administratively.

6.4. FINAL CONTRACT:

- A. The selected Respondent will assume responsibility for all services offered in its Response, whether such services are provided by a subcontractor or joint venture arrangement. The successful Respondent will be considered the sole point of contact about contractual matters, including payment of all charges resulting from the contract.
- B. The successful Respondent will be required to enter a written contract with the City. The City's terms and conditions for this contract are included herein.
- C. This RFQ and the successful Respondent's Response, or any part thereof, may be incorporated into and made a part of the final contract. The City reserves the right to negotiate the terms and conditions of the contract with the successful Respondent.
- D. Be advised that exceptions to any portion of the RFQ may jeopardize acceptance of your Response. If exceptions are taken to the City's Contract, this will be clearly indicated and a full explanation given for each exception. It is required that the Response enumerate the specific clauses that the Respondent wishes to amend or delete and suggest alternative wording in the Response. In view of the length of time involved in obtaining the approval of legal counsel, Respondents are cautioned not to state that the Respondent's Response is subject to the Respondent's standard terms and conditions or that the final terms and conditions are subject to negotiation after award. This may result in the Response being deemed non-responsive, in which no further consideration or evaluation will be made.

However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended,

declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled ``Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion- Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than \$100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

EXHIBIT B

DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM PROVISIONS

The City of New Braunfels has established a Disadvantaged Business Enterprise (DBE) Goal in accordance with the Texas Department of Transportation (DOT). The participation objective of the DBE program is to ensure that the City complies with 49 CFR Part 26, and to remedy past and current discrimination against disadvantaged businesses. The program ensures a “level playing field” and fosters equal opportunity in all Texas Department of Transportation and Federal Highway Association assisted contracts that include highway and street construction.

DBE OBLIGATION

The City of New Braunfels and/or its contractor agrees to ensure that DBEs as defined in 49 CFR Part 26 have an equal opportunity to participate in the performance of contracts financed in whole or in part with federal funds provided under this agreement. In this regard the City and its contractors shall not discriminate on the basis of race, color, national origin, gender, or disability in the award and performance of TXDOT-assisted contracts.

THE DBE GOAL FOR THIS PROJECT IS 0%

DEFINITIONS

Affiliation has the same meaning the term has in the Small Business Administration (SBA) regulations, 13 CFR part 121.

- (7) Except as otherwise provided in 13 CFR part 121, concerns are affiliates of each other when, either directly or indirectly:
 - (i) One concern controls or has the power to control the other; or*
 - (ii) A third party or parties controls or has the power to control both; or*
 - (iii) An identity of interest between or among parties exists such that affiliation may be found.**
- (2) In determining whether affiliation exists, it is necessary to consider all appropriate factors, including common ownership, common management, and contractual relationships. Affiliates must be considered together in determining whether a concern meets small business size criteria and the statutory cap on the participation of firms in the DBE Program.*

Commercially Useful Function—a DBE is considered to perform a commercially useful function when it:

- (1) Engages in meaningful work that provides for a performance of a distinct element of the contract where that distinct element of work is worthy of the dollar amount to be awarded to the DBE; or,*

- (2) *Carries out its responsibilities by actually performing, managing, and/or supervising the work involved.*

Contract means a legally binding relationship obligating a seller to furnish supplies or services (including, but not limited to, construction and professional services) and the buyer to pay for them.

Contractor means one who participates, through a contract or subcontract (at any tier) in a DOT assisted highway, transit, or airport program.

Department or DOT means the U.S. Department of Transportation, including the Office of the Secretary, the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), and the Federal Aviation Administration (FAA).

Disadvantage business enterprise or DBE means a for-profit small business concern—

- (1) That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and
- (2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.
- (3) *Good faith efforts* mean efforts to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program requirement.

Joint Venture means an association of a DBE firm and one or more other firms to carry out a single, for-profit business enterprise, for which the parties combine their property, capital, efforts, skills, and knowledge, and in which the DBE is responsible for a distinct, clearly defined portion of the work of the contract and whose share in the capital contribution, control, management, risks, and profits of the joint venture are commensurate with its ownership interest.

Personal Net Worth means the net value of the assets of an individual remaining after total liabilities are deducted. An individual's personal net worth does not include: The individual's ownership interest in an applicant or participating DBE firm; or the individual's equity in his or her primary place of residence. An individual's personal net worth includes only his or her own share of assets held jointly or as community property with the individual's spouse.

Principal place of business means the business location where the individuals who manage the firm's day-to-day operations spend most working hours and where top management's business records are kept. If the offices from which management is directed and where business records are kept are in different locations, the recipient will determine the principal place of business for DBE program purposes.

CERTIFICATION

1. A contractor/bidder/proposer shall submit to the City a copy of the DBE Certification Affidavit, for all DBE firms utilized or proposed to be utilized as subcontractors or suppliers in the performance of work.
2. The Certification Affidavit must be from a firm that has been certified by one of the five (5) certifying agencies of the Texas Unified Certification Program (TUCP). The five agencies are: Texas Department of Transportation (TxDot), North Central Texas Regional Certification Agency (NCTRCA), South Central Texas Regional Certification Agency (SCTRCA), City of Houston, and Corpus Christi Regional Transportation Authority. Each certifying entity will maintain and process all DBE applications in their designated area throughout the state.
3. A firm must be certified on or before the bid/proposal due date in order for the firm's proposed work on the particular contract to be credited toward the DBE goal. It is not enough for a certification application to have been submitted by the deadline.

COUNTING JOINT VENTURES

Joint Ventures do not have to be fifty-one percent (51%) DBE owned in order to be counted toward the participation goal. *Joint ventures that do not include any DBE firms will not count toward the goal.* A joint venture with ownership of DBE partners in any percentage will be counted for that percentage equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces, (provided the DBE ownership is real and substantial and the DBEs are performing a commercially useful function).

The required documentation to be submitted to the City, along with the proposal, for Joint Ventures with DBE partners shall include:

- a. The Joint Venture Agreement for the specific contract including a detailed statement of ownership.
- b. Corporate resolutions or other documents authorizing the firms to enter into the Joint Venture.
- c. A description of the work to be performed by all the Joint Venture Partners.
- d. Proof of current certification status of the individual DBE venture partners.

GOOD FAITH EFFORTS

The bidder/proposer shall demonstrate, to the satisfaction of the DBE Liaison that genuine efforts have been made to achieve the DBE goal. The requirements for demonstrating "good faith efforts" are set forth as follows:

1. Written notices to DBEs contacted by the bidder/proposer for specific scopes of work identified by the bidder/proposer for subcontracting opportunities not less than five (5) business days prior to bid due date. Such notices shall include information on the plans, specifications and scope of work, including the deadline for submission of interest in teaming;

2. Attendance at a pre-bid conference, if any, scheduled by the City to inform DBEs of subcontracting opportunities under a given solicitation.
3. Efforts made to define additional elements of the work proposed to be performed by DBEs in order to increase the likelihood of achieving the goals.
4. For those DBES responding affirmatively in writing to the notice required by Item 1 above,
 - (a) reasons why agreements were not reached, including written explanation for rejection of bids.
5. Efforts to assist DBE contractors with bonding, insurance, and financing, where appropriate.
6. A bidder/proposer shall commit to the minimum percentage of DBE utilization as submitted with its bid/proposal on this contract. During the term of this contract, any unjustified failure to comply with the level of DBE participation identified in the bid/proposal shall be considered a material breach of contract.
7. If the bidder/proposer is a certified DBE and the DBE bidder/proposer intends to perform a portion of the work with its own work force, the DBE bidder/proposer must identify the work specifically by type and dollar value and must perform the work indicated with its own work forces in order to have that work counted toward the goal. (Even though the bidder/proposer is a certified DBE does not relieve the DBE bidder/proposer of the responsibility to make good faith efforts.)
8. In addition, all bidders/proposers will be required to submit the following information with the bid:
 - (a) The names and addresses of DBE firms that will participate in the contract;
 - (b) A description of the work that each DBE will perform
 - (c) The dollar amount of the participation of each DBE firm participating;
 - (d) Written documentation of the bidder's/proposer's commitment to use a DBE subcontractor whose participation it submits to meet a contract goal;
 - (e) Written confirmation from the DBE that it is participating in the contract as provided in the bidder's/proposer's commitment.

EVALUATION OF GOOD FAITH EFFORTS

The good faith effort of a bidder/proposer will be evaluated by the DBE Liaison to determine whether the efforts to obtain DBE participation were those that a firm seeking subcontractors would take in the normal course of doing business; whether the steps taken had a reasonable prospect of success; and whether based upon the size, scope and complexity of the subcontract, there were qualified DBE firms available and willing to accept the contract at a competitive price.

The following is a list of types of actions, which the DBE Liaison may consider as part of the bidder's/proposer's good faith efforts to obtain DBE participation. It is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

Criteria used to evaluate “Good Faith Efforts” are as follows:

1. Soliciting through all reasonable and available means (e.g. attendance at pre-proposal conferences, advertising and/or written notices) the interest of certified DBEs who have the capability to perform the work of the contract. The bidder/proposer must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The bidder/proposer must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations.
2. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goal will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
3. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.
4. (a) Negotiating in good faith with interested DBEs. It is the bidder's/proposer's responsibility to make a portion of the work available to DBE subcontractors and/or suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and/or suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

(b) A bidder/proposer using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a prime contractor failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the prime contractor of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
5. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
6. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance.

7. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
8. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
9. In determining whether a bidder/proposer has made good faith efforts, the DBE Liaison may take into account the performance of other bidders in meeting the contract. For example, when the apparent successful bidder fails to meet the contract goal, but others meet it, the DBE Liaison may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal but meets or exceeds the average DBE participation obtained by other bidders, the DBE Liaison may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts.

RECONSIDERATION MECHANISM

The City DBE Liaison will evaluate the “good faith efforts” of a firm. If after reviewing the good faith efforts submitted by Bidder/Proposer, the DBE Liaison determines that the Bidder/Proposer has failed to adequately document its good faith efforts, then the Bidder/Proposer shall have the opportunity to provide written documentation or argument, to the City, concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The Bidder/Proposer will have the opportunity to meet in person with the City to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The City will provide a written decision on reconsideration explaining the basis of his decision. In cases of dispute, the final decision in determining whether Good Faith Efforts have been made rests with the City.

The City may determine that the efforts of the Bidder/Proposer substantially comply with the purpose of this program and such determination is in the best interest of the DBE Program and the City. However, if the City determines that the Bidder/Proposer did not make good faith efforts to meet the goal, the decision is not administratively appealable to the Texas Department of Transportation.

COMPLIANCE

If a bidder/proposer is awarded a contract:

1. The bidder/proposer must not terminate for convenience a DBE subcontractor (or an approved substitute DBE firm) and then perform the work of the terminated subcontract with its own forces or those of an affiliate, without the City's prior written consent. When a DBE subcontractor is terminated or fails to complete its work on the contract for any reason, the bidder/proposer must notify the City immediately of the DBE's inability or unwillingness to perform and provide reasonable documentation.

2. The Bidder/Proposer will be required to make good faith efforts to find another DBE to perform at least the same amount of work under the contract as the DBE that was terminated, to the extent needed to meet the contract goal the City has established for this contract. The Bidder/Proposer will be required to obtain the DBE Liaison's prior approval of the substitute DBE, through the submittal of Change of Subcontractors/Suppliers and to provide copies of new or amended subcontracts, or documentation of good faith efforts. C. Acceptance and approval of the final plans by the CITY shall not constitute nor be deemed a release of this responsibility and liability of PROFESSIONAL, its employees, associates, agents and consultants for the accuracy or competency of their designs, working drawings and specifications, or other documents and work; nor shall such approval be deemed to be an assumption of such responsibility by the CITY for any defect in the designs, working drawings and specifications, or other documents prepared by PROFESSIONAL, its employees, contractor, agents and consultants.

D. PROFESSIONAL shall defend and indemnify Indemnitees against and hold CITY harmless from any and all claims, suits or liens based upon or alleged to be based upon the non-payment of labor, tools, materials, equipment, supplies, transportation and management costs incurred by PROFESSIONAL in performing this Agreement.

X. INDEMNIFICATION FOR UNEMPLOYMENT COMPENSATION

- 1) CITY personnel may direct PROFESSIONAL to cease performance on all or part of the Agreement until satisfactory Corrective Action has been taken;
- 2) CITY may have others take Corrective Action necessary to achieve compliance with the Agreement. CITY may deduct the cost of such Corrective Action by others from any moneys due to PROFESSIONAL. Corrective Action by others shall be taken when, in the judgment of CITY, the noncompliance threatens safety, unreasonably interferes with or delays the work of others, or otherwise creates a situation the resolution of which cannot be delayed without adversely impacting quality, cost or timely completion;
- 3) CITY may seek any of the Remedies set forth further in this Agreement; and/or
- 4) CITY may Terminate for Cause as provided herein.

D. If this Agreement has been so terminated by CITY, the termination will not affect any rights or remedies of CITY against PROFESSIONAL or any surety then-existing or which may thereafter accrue. No retention or payment of moneys due PROFESSIONAL by CITY will release PROFESSIONAL from liability.

Within fourteen (14) calendar days after receipt of notice to restart the performance, the PROFESSIONAL shall submit a revised schedule for approval by CITY. If, as a result of any suspension, the cost to PROFESSIONAL of subsequent performance or the time required to do so is changed, a claim for an adjustment in the contracted price may be made. Any claim on the part of PROFESSIONAL for change in price or extension of time shall be made in accordance with this Agreement.

D. If amounts set forth in (b) above cannot be negotiated then CITY may terminate this Agreement with no further liability to PROFESSIONAL.

XXIV. DISPUTE RESOLUTION

Any dispute, controversy or claim arising out of or relating to this Agreement, or the breach hereof, must be referred to upper management of the parties for good faith discussion and resolution prior to invoking any other dispute resolution method authorized under this Agreement. Pending resolution of any such dispute, PROFESSIONAL must continue to perform its obligations under this Agreement and CITY must continue to make payment to PROFESSIONAL for any undisputed items. The Parties agree that in the event of a dispute concerning the performance or non-performance of any obligations flowing from or as a result of this Agreement and prior to the initiation of any litigation, the Parties will voluntarily submit the dispute to mediation before a mediator selected by the Parties as though it were referred through the operation of the Texas Alternative Dispute Resolution Procedures Act, Title 7, Chapter 154, Texas Civil Practices & Remedies Code. No record, evidence, statement or declaration resulting from or in connection with such alternate dispute resolution procedure may be used in evidence in subsequent litigation except to demonstrate that this Article has been complied with in good faith by a Party. PROFESSIONAL shall proceed diligently with performance of the Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement. During a dispute, CITY has right to use any deliverables, work product, material or equipment provided by PROFESSIONAL under this Agreement until the dispute is settled through a predefined court process.

XXV. GOVERNING LAW

A. This Agreement shall be governed, interpreted and enforced under the laws of the State of Texas, without regard to its conflict of law principles. In the event of litigation between the Parties arising

out of or related to this Agreement, venue for such litigation shall be in a court of competent jurisdiction in Comal County, Texas.

B. PROFESSIONAL shall be aware of and shall comply with all federal, state and local laws, ordinances, codes (including applicable PROFESSIONAL codes) and regulations applicable to performance of this Agreement, including standards and codes of technical societies that have been adopted by law or regulation or compliance with which is required in the Agreement Documents. If any of the work fails to comply with such laws, ordinances, codes and regulations, PROFESSIONAL shall bear any expense arising from that failure, including the costs to bring the work into compliance.

C. Without limiting the generality of the foregoing, during the performance of the Agreement, PROFESSIONAL agrees to comply with all applicable regulations of Executive Order No. 11246 of September 24, 1965, and the rules, regulations and relevant orders of the Secretary of Labor as they may apply to Equal Employment Opportunity. PROFESSIONAL will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations and orders of the Secretary of Labor pursuant thereto, and will permit access to its books, records and accounts by the cognizant agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

D. This contract is subsidized with federal aviation funds. The PROFESSIONAL must have a full understanding of the documents required by Federal Highway Administration (FHWA) and the Texas Department of Transportation (TxDOT) and the Alamo Area Metropolitan Planning Organization (AAMPO), Federal requirements of 23 CFR 172.9 (c) and Chapter 2254 of the Government Code, Title 10, Subchapter A, Professional Services, as condition to receiving these funds. Applicable Federal clauses are set forth in Exhibit F - Federally Required Contract Provisions.

E. The Engineer shall comply with the provisions of Exhibit D, "Special Provision Contractor Contractual Requirements and Title VI Assurances" attached hereto and made a part of this Agreement.

XXVI. INDEPENDENT CONTRACTOR

A. PROFESSIONAL shall perform in all respects under this Agreement as an independent contractor and not as an employee, partner, joint venturer or agent of the CITY. PROFESSIONAL's performance shall be subject to the CITY's review, approval and acceptance as provided in the Agreement Documents, but the detailed manner and method of performance shall be under the control of PROFESSIONAL. However, because PROFESSIONAL's performance may be associated in the minds of the public with CITY, PROFESSIONAL shall ensure that all work by its employees, subcontractors and agents are performed in an orderly, responsible and courteous manner. **PROFESSIONAL AGREES TO INDEMNIFY AND HOLD HARMLESS CITY FROM ANY DAMAGE, JUDGMENT, LOSS, FINE, PENALTY OR INTEREST AWARDED TO PROFESSIONAL PERSONNEL OR ANY TAXING AUTHORITY BASED UPON A CLAIM THAT PROFESSIONAL PERSONNEL ARE EMPLOYEES OF CITY.**

B. Upon prior notification to and written approval of CITY, PROFESSIONAL may hire subcontractors to perform work hereunder. PROFESSIONAL shall be responsible to CITY for the performance of all such subcontractors. The CITY reserves the right, in its sole discretion, to reject the employment by PROFESSIONAL of any subcontractor to which CITY has an objection. PROFESSIONAL, however, shall not be required to contract with any subcontractor to which it

has an objection. CITY shall require any and all such subcontractors to sign contracts with PROFESSIONAL that bind the subcontractors to perform their subcontracts in accordance with the applicable requirements of the Agreement Documents. Upon the request of CITY, PROFESSIONAL shall furnish CITY with copies of such subcontracts. In addition, PROFESSIONAL agrees that it is PROFESSIONAL's responsibility to ensure that such subcontractors make all appropriate tax payments or tax withholding in relation to subcontractor's employees providing work to CITY through PROFESSIONAL under this Agreement. PROFESSIONAL represents that it and its subcontractors have skills necessary to perform the work contemplated in this Agreement and any related Orders and are fully trained to perform the tasks required by this Agreement and that they need no training by the CITY.

XXVII. ON-SITE ACTIVITIES

A. This Article shall only apply if PROFESSIONAL has any personnel performing Ancillary Services at a CITY Site, under this Agreement.

B. PROFESSIONAL shall have an authorized representative at the Site to whom CITY SME or representative may give instructions at all times when Ancillary Services are being performed. The authorized representative of PROFESSIONAL shall be identified to CITY in writing.

C. PROFESSIONAL shall have competent supervision at the Site at all times to direct and observe the Ancillary Services to be performed. PROFESSIONAL will investigate and take appropriate action with respect to any personnel problems brought to its attention by CITY's Agent.

D. PROFESSIONAL shall confine all of its operations and personnel to those areas of the Site to which CITY authorizes access.

E. PROFESSIONAL's personnel may not operate CITY's tools, vehicles, materials or equipment (collectively "CITY Equipment") without CITY Agent's prior authorization. If PROFESSIONAL borrows CITY Equipment, it is conclusively presumed PROFESSIONAL agrees to the following terms and conditions, regardless as to whether such authorization is granted by CITY:

- 1) The CITY Equipment is provided AS IS, with no representations or warranties;
- 2) PROFESSIONAL assumes full responsibility for the protection of the CITY Equipment;
- 3) PROFESSIONAL agrees to return the CITY Equipment to CITY in the same condition as when it was borrowed, or, if repairs are necessary, to cause such repairs to be performed promptly at PROFESSIONAL's sole expense before the CITY Equipment is returned to CITY. CITY may deduct or offset any costs associated with repairing any damage to the CITY Equipment from any payment owed to the PROFESSIONAL hereunder;
- 4) PROFESSIONAL releases and discharges CITY, its directors, officers, and employees from all liability for any loss or damage arising from, related to, or resulting from any use of the CITY Equipment by any individuals, other than CITY employees; and
- 5) PROFESSIONAL agrees to defend, indemnify and hold harmless CITY, its directors, officers, and employees from and against any and all claims, demands, suits, causes of action, proceedings, judgments, damages, costs, expenses, and liabilities (including reasonable attorneys fees and costs) arising out, related to, or resulting from any use of the CITY Equipment by any individuals, other than CITY employees.

CONTRACTOR SHALL PROVIDE ALL TOOLS AND EQUIPMENT ASSOCIATED WITH WORKER SAFETY AND HEALTH, NEEDED TO PERFORM THE WORK, INCLUDING WITHOUT LIMITATION AIR MONITORING EQUIPMENT, CONFINED SPACE EQUIPMENT, PERSONAL PROTECTIVE EQUIPMENT, WARNINGS, BARRICADES AND

LOCK OUT/TAG OUT EQUIPMENT. PROFESSIONAL shall cooperate with CITY and others working at or near the Site. CITY has no obligation to lend CITY Equipment to PROFESSIONAL and may decline to do so at any time in its sole discretion.

F. PROFESSIONAL shall promptly report to CITY's Agent any defects in the work of others which impacts on PROFESSIONAL's Ancillary Services or the performance of its obligations hereunder. Failure to report such defects constitutes acceptance of the conditions by PROFESSIONAL.

G. PROFESSIONAL shall keep all of its work areas free from trash and debris and keep its work areas "broom clean" on a continuous basis.

H. PROFESSIONAL shall secure and protect its own materials, tools, equipment and Ancillary Services, including any CITY Equipment, whether provided by CITY under this Agreement or borrowed from CITY.

XXVIII. RECORDS AND RIGHT TO AUDIT

The Contractor must maintain an acceptable cost accounting system. The Contractor agrees to provide the Owner, the Federal Administration and the Comptroller General of the United States or any of their duly authorized representatives access to any books, documents, papers and records of the Contractor which are directly pertinent to the specific contract for the purpose of making audit, examination, excerpts and transcriptions. The Contractor agrees to maintain all books, records and reports required under this contract for a period of not less than three years after final payment is made and all pending matters are closed.

CITY shall have the right to audit all books and records (including the supporting or underlying documents and materials), in whatever form they may be kept, whether written, electronic or other, relating or pertaining to this Agreement (Collectively "Records"), kept by or subject to the control of the PROFESSIONAL, including, but not limited to those kept by the PROFESSIONAL, its employees, agents, assigns, successors and subcontractors. The PROFESSIONAL shall maintain, and shall require its subcontractors to maintain, such books and records, together with such supporting or underlying documents and materials, for the duration of this Agreement and for at least two (2) years following the completion of the last Order completed under this Agreement, including any and all extensions thereof. The books and records, together with the supporting or underlying documents and materials shall be made available, upon request, to CITY during normal business hours at the PROFESSIONAL's office or place of business. In the event that no such location is available, then the books and records, together with the supporting or underlying documents and records, shall be made available for audit at a time and location which is convenient for CITY. This right to audit applies to all books, records and supporting documents and materials regardless of the format in which those items are maintained. In the event that the PROFESSIONAL fails the audit, CITY shall be compensated by PROFESSIONAL as appropriate and as demonstrated by the audit findings. Specifically, in the case that the audit finds that PROFESSIONAL over-charged CITY, PROFESSIONAL shall compensate CITY by the amount of the overcharge plus a late charge of 1% per month beginning with the month in which the overcharge occurred to the month in which the overcharge is compensated by the PROFESSIONAL.

XXIX. FINANCIAL OBLIGATIONS

A. PROFESSIONAL hereby certifies that it has the financial ability to perform this Agreement, and all the Orders executed hereunder to final completion and that it shall notify CITY if it appears

that: PROFESSIONAL ceases to have the financial ability to perform this Agreement or any Order hereunder, if the PROFESSIONAL's liabilities exceed its assets, or if it is generally unable to pay its debts. Upon notice thereof, CITY reserves the right to require a letter or credit or other financial guarantee acceptable to CITY.

B. PROFESSIONAL shall, at its own expense, prepare and submit for review annually by CITY audited financial statements. Such statements shall be submitted to CITY no later than May 1 of each year. If CITY, in its sole judgment, concludes that PROFESSIONAL's financial statements indicate that PROFESSIONAL poses an unwarranted risk to CITY, then CITY may terminate this Agreement for its own convenience.

XXX. BANKRUPTCY

Subject to the rights of any trustee in bankruptcy and to applicable law, in the event that either Party becomes or is declared insolvent or bankrupt, is the subject of any proceedings related to its liquidation, insolvency or for the appointment of a receiver or similar officer, makes an assignment for the benefit of all or substantially all of its creditors, or enters into an agreement for the composition, extension, or readjustment of all or substantially all of its obligations, such Party agrees to furnish notification to the other within five working days by registered mail. Then the other Party may, by giving written notice thereof to the other Party, terminate this Agreement as of a date specified in such notice of termination.

XXXI. PUBLICITY

PROFESSIONAL shall not directly or indirectly publish, approve or issue any advertising, sales promotion, press release or public statement relating to this Agreement or any other work performed by PROFESSIONAL for CITY wherein CITY's name, trade name, trademark and/or logo is expressly mentioned or language is used from which CITY's identity may, in CITY's responsible judgment, be inferred or implied (a "Prohibited Publication"), without the prior written approval of the CITY Purchasing Agent, which approval may be withheld in CITY's absolute discretion.

XXVII. AGREEMENT NON-EXCLUSIVE

The Agreement is not exclusive. CITY has the right to hire others to provide the same or similar work.

XXXIII. SEVERABILITY

If any term or provision of this Agreement is held illegal or unenforceable by a court of competent jurisdiction, all other terms in this Agreement will remain in full force and effect and the illegal or unenforceable provision shall be deemed stricken. In the event the stricken provision materially affects the rights, obligations or duties of either party, CITY and PROFESSIONAL shall substitute a provision by mutual agreement that preserves the original intent of the parties as closely as possible under applicable law.

XXXIII. INTERPRETATION AND RELIANCE

While this Agreement was initiated by CITY, PROFESSIONAL had the opportunity to take exception to and

seek clarification of it. Thus, this Agreement is the product of negotiations between the Parties. No presumption will apply in favor of any Party in the interpretation of this Agreement or in resolution of any ambiguity of any provision.

XXXV. SURVIVAL

Termination or expiration of this Agreement shall not relieve, reduce, or impair any rights or obligations of a party which expressly or by implication survive termination or expiration of this Agreement. Without limiting the generality of the foregoing, the following Articles shall survive the termination or expiration of this Agreement: General, Services, Documents, Termination, Insurance, Indemnification for Injury and Performance, Indemnification for Unemployment Compensation, General Indemnity, Intellectual Property Indemnity, Default of Professional, Notices & Authority, Invoicing, Remedies, Termination for Convenience, Termination for Cause, Dispute Resolution, Governing Law, Independent Contractor, Right to Audit, Publicity, Agreement Non-Exclusive and Severability.

XXXVI. BUSINESS REVIEWS

CITY and PROFESSIONAL shall conduct business reviews at least annually. PROFESSIONAL shall attend business reviews at PROFESSIONAL's own expense. These business reviews may be held formally or informally at the discretion of CITY. As part of the business review process, the PROFESSIONAL shall be evaluated on ability to perform, quality, service, value, and innovation. PROFESSIONAL shall be required to submit updated qualifications to the CITY Agent upon request.

As part of the Business Review process, PROFESSIONAL shall provide to CITY proposals for cost reduction opportunities on open Orders or opportunities available overall.

XXXVII. TEXAS GOVERNMENT CODE §2270.002

Texas Government Code §2270.002 provides that a governmental entity may not enter into a contract with a company for goods or services, unless the contract contains a written verification from the company that it:

- (1) does not boycott Israel; and
- (2) will not boycott Israel during the term of the contract.

"Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

"Company" means a for-profit sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or business associations that exists to make a profit.

By submitting an offer to or executing contract documents with the City of New Braunfels, Company hereby verifies that it does not boycott Israel, and will not boycott Israel during the term of the contract. City's hereby relies on Company's verification. If affirmation is found to be false, City may terminate the contract for material breach.

XXXVIII. MISCELLANEOUS

The PROFESSIONAL shall prepare and execute in any form and detail as CITY shall direct all estimates, certificates, reports, and other documents required to be executed by the PROFESSIONAL pursuant to any Order or this Agreement, including, without limitations, a monthly report of progress on the form of schedule referred to within this Agreement or any subsequent Order showing the percentage of completion of each of the Deliverables thereof. Reporting for Time and Materials based Orders shall include costs incurred and matched to its respective SOW Deliverable. Reporting shall also include this cost incurred against the forecasted total cost and indicate any potential schedule or cost impacts. Reporting shall include spend to date. Any representations or recommendations on the part of the PROFESSIONAL made subject to this Article shall not constitute a change to the Order.
